DATA USE LICENSE/DATA PROTECTION STATEMENT: By submitting information on this form/card I agree that it may be collated and disseminated manually or electronically, including the Internet, for environmental decision-making, education, research and other public benefit uses. We will retain the form and your details in case we need more information about particularly important records. Your name and address will be entered on computer with the records to identify you as the contributor and to aid data management should you submit future records. Your name(s) may be passed to third parties with these records to identify you as the source of the data in copies or extracts of the database carried out in accordance with the functions of the DGERC—no other personal details will be divulged. If you object to your personal details being retained, please tick the following box , although please note this will considerably limit the usefulness of the information you have provided. The DGERC also distributes a free newsletter (approximately twice a year) to those who contribute records to the Centre—please tick here if you do not wish to receive this .
